The 905-Series lights leave no margin of doubt with their timeless, elegant design, space-saving slim-line form and state of the-art technology.

Hardly visible, the new MiniSensor from STEINEL is hidden away inside these durable lights made of weatherproof plastic. Boasting a 4-segment sensor system and mirror optics for a long focal length, the sensor provides unprecedentedly even, higher solution 360° all-round coverage in a radius of 8 m.

- Hand-blown opal glass shade, polished finish
