Art.-No.: **alu-silver 646417**

Art.-No.: **alu-anthracite 646519**

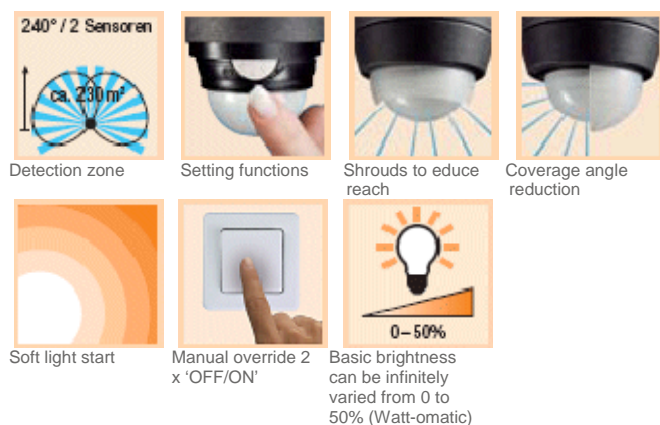

**Modern and timeless.  
In superb quality.**

The accomplished composition of hand-blown opal glass shade and light arm cuts an impressive figure with a surface finish that leaves no margin of doubt. But that's not all: the high-quality aluminum material is powder-coated with dirt repelling nano-surface. Added to this is STEINEL's perfected sensor technology to guarantee years of reliable operation.

### Settings

- Detection zone can be limited by fitting the shrouds supplied
- Light 'ON' time and twilight threshold are easy to set by dial under removable decorative ring.
