

BRS 63 L

Exquisite wall and mirror lights – ideal for bathrooms, corridors or halls

The new SensorLights from the BRS-Series are a highlight in contemporary bathrooms as well as on corridors, on stairs or in hallways. Their clarity of design, first-class materials and state-of-the-art technology are nothing short of breathtaking.

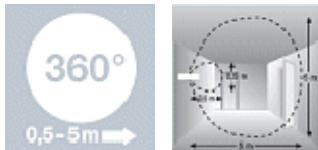

Design versatility for countless applications

The lights from the BRS-Series come with the convenience of innovative HF technology that's completely invisible from the outside and responds to any movement in a 360° radius with hardly any delay. They are fitted with G9 halogen bulbs which not only have a long life but also deliver an even, pleasantly warm light. 10 design and material options provide the right hi-tech light solution for every taste and lighting situation.

Technical Data BRS 63 L

Prod. No.	740412
Dimensions	550 x 136 x 60 mm
Voltage	230 – 240 V / 50 Hz
Output	3 x 40 W / G9
HF system	5.80 GHz (responds to the tiniest movement regardless of temperature)
Angle of coverage	360° with 160° angle of aperture
Transmitter power	approx. 1 mW
Reach	0,5 – 5 m dia., infinitely variable
Time setting	5 Sec. – 15 Min
Twilight setting	2 – 2000 Lux
Enclosure type	IP 44
Protection class	I
Permanent light	–
Brightness control	–
Special features	2 lights can be synchronized Subject to technical modifications
