Creative and exclusive

You are looking at the most creative wall light in the STEINEL range. One side produces bright halogen light whenever movement is detected. The other lights up the house number at night with LEDs, giving it a mystically floating appearance. Both sides can be combined vertically. Whether horizontal, vertical, LED module on the left or right, in single or double version: the fascinating, square wave design is ideal for combining just as you please and is sure to impress any visitor.

- The sensor can be plugged in any way round. This means the light can be used horizontally or vertically.
- The lamp is illuminated by LEDs which effectively light up the house number from behind.
- Wall-light kit
- High-performance mini-sensor
- LED light design

Cutting-edge microprocessor control system provides functions that leave you wanting for nothing:

- The integrated soft light start feature creates an elegant lighting effect and prolongs the life of the bulb by gently taking it to full output over a period of one second when it is switched 'ON'. The electronics are equally as gentle on the light when it is switched 'OFF'.
- Manual override (4h) by operating a mains switch connected in the power circuit.

Technical Data L 320 wave

Prod. No. alu-silver	L 320 wave 655419
Prod. No. alu-anthracite	L 320 wave 655617
Prod. No. alu-silver	L 321 wave 655518
Prod. No. alu-anthracite	L 321 wave 655716

Dimension (h x w x d)	L 320 wave 410 x 205 x 95 mm L 321 wave 205 x 205 x 95 mm
Voltage	230 - 240 V / 50 Hz
Output	2 x 40 W max. / G9 LED, back-lit glass panel, approx. 1 W
Angle of coverage	360° with sneak-by guard
Reach	8 m max. all around
Sensor system	2 detection levels, 512 switching zones
Time setting	5 sec. – 15 min.
Twilight setting	2 – 2000 lux
Enclosure type	IP 44
Protection class	II
Brightness control	25 % (Watt-o-matic)
Permanent light	selectable (4 h)
Special features	including soft light start and 3 programme settings geared to practical needs including self adhesive numbers for use as house number light Subject to technical modifications
